Inter-School Competition

In the Inter School competition, our B division boys and girls team got into the finals. Our boys were up against Montfort Sec Sch, and the girls were up against Xinmin. The boys lost narrowly. We were just a couple of points away from winning the title that has eluded us for 3 years. Our 2nd singles was leading in the rubber set but lost out narrowly. That match kept everyone on the edge of the seat. It was a thrilling and nail-biting finish right to the very last point.

To the credit of our players, they all played well and our coach was very pleased with their performance.

The girls were up against Xinmin Sec. It was the 4th time that we played time this season. The last 3 results went our way. In the finals the tension got to the girls. They could not hold onto their nerves and lost 2-3 in a very tight encounter. The girls were disappointed with the results but the better team won in the finals. It was a very enriching encounter and there were many experiences to learn from in the finals.

The badminton academy would like to thank the entire supporter who cheer us on and also all the supporters who supported us in spirit. We hope to do much better in the coming Cheers Age Group in June 2007. We will be fielding a strong line up to compete for glory in the coming Age Group Tournament.
