

Singapore Sports School School Anthem

We will rise to the challenge

The Sports School as one

With pride and with passion

In the journey we run

Every step leads us closer to our goal

And a voice keeps telling us to stay strong

To keep on walking cause it won't be too long

Till we can soar

Beyond our fears

We've been living for this moment

We've been dreaming all these years

It's gonna be worth the struggle

It's gonna be worth the fight

We can hear the crowds roar

Upon our wings we soar
