

Sports School Celebrates Singapore's 51st Birthday

The Great SSPicnic

Singapore Sports School celebrated National Day by turning the Singapore Botanic Gardens into a sea of red on 8 August 2016.

The Great SSPicnic saw staff and student-athletes bonding with each other through various traditional games like chaptah and charades in a nod to Singapore's simpler past.

At the same time, the student-athletes were reminded of how far modern Singapore has progressed as they embarked on a photo scavenger hunt of staff members carrying cut-outs of Pokemon.

The decision to hold the National Day celebrations outside of school was well received by the student-athletes as evidenced by their excited chatter throughout the day.

The day's activities then ended off with Mr Tan Teck Hock, Principal of Singapore Sports School, reading the National Day message and Darryl Sim Jing Quan, Chairman of the Council of School Captains, leading the School in reciting the National Pledge.
