

Remembering One's Roots

TNP Spirit of 16 Cheque Presentation Ceremony

Maximillian Ang Wei

Swimming, like any industry will always be subjected to various trends as shown in the race suit design changes over the years.

From briefs to jammers to the latest body suits featured at the Rio 2016 Olympics, there will always be a new trend waiting to make waves and capitalise on any scientific advancements.

Singapore Sports School's Maximillian Ang Wei reminded everyone that giving back to the community is something which will never go out of style.

The swimmer paid tribute to his alma mater, and chose Saint Andrew's School Building Fund as the recipient of a cheque for \$1,000 on 29 November 2016.

Maximillian was able to do so after being featured in The New Paper's Spirit of 16 National Day supplement which celebrated the Singapore spirit of giving back to the community.

"Saint Andrew's was my primary school for six years, and when you receive, you should always give back," the 15-year-old said.

Mrs Wong Bin Eng, Principal of Saint Andrew's Junior School, was on hand to receive the cheque on behalf of her former pupil.
