

Sports School Student Supporters Earn Kudos

2016 National Schools Swimming Championships

It did not matter that Darren Chan is not a Singapore Sports School student-athlete. What mattered was that our student-athletes cheered their hearts out for the Rainbow Centre-Yishun Park School special needs student in his 50m Freestyle race at the 2016 National Schools Swimming Championships held on 20 April 2016.

Their keen support at the OCBC Aquatic Centre drew praise from Mr Hafiizh Othman, Darren's teacher, who conveyed his appreciation to the Sports School in an email that same day.

"He (Darren) got the loudest cheers and was inspired to finish third. Your students also cheered for every swimmer's finish as well as during the SPED students' prize presentation. Please convey my thanks and appreciation to those students that were present. They truly are champions for sport, and champions for others. The Singapore Sports School should be very proud."
